The Kerygma Encounter is an opportunity to hear the essential Gospel message like you haven't heard it before. All Catholics have heard about God's plan of salvation for mankind. This retreat will dig deeper and reveal more meaning to the familiar words Catholics have heard so often. We will explore the Trinity, the Nature of God, the nature and purpose of man, the work of Jesus and the meaning of our relationship with our heavenly Father. Participants will hear several reflections on these topics and have ample prayer time for a personal response. The truths proclaimed in this retreat are a must for all Catholics, especially Catechists.
